## VOORWOORD.

---

'n Grote moeielikhyd om freemde tale te leer leg in di uitsprak. Di lewendigestem is byna onmisbaar. In di Inlyding het ek getrag om dit so duidelik te maak, as ek dit kon doen.

Di Samesprake word gepubliseer met di plan om di Engelse sowel as di Afrikaners te help.

Di spoedig ferkoop het di firde uitgawe noodsakelik gemaak.

Di beloofde Nommers 2 en 3 is ferskyn en loop fluks.

## PREFACE

---

A great difficulty in learning foreign languages is the pronunciation. The living voice is nearly indispensable. In the Introduction I have tried to make it as plain as I could do it.

These Dialogues are published with a view to help the English as well as the Afrianders.

A quick sale has made the fourth edition necessary.

The promised Numbers 2 and 3 are published and run fast.

**UNCLE WILLIAM.**
