Movement Education at the Potchefstroom Campus of the North-
West University

Promoter: Dr HJ van Vuuren

May 2014

DECLARATION

I declare ***“A Sport management programme for educator training in accordance with the diverse needs of South African schools”*** to be my own work, that all references and sources used or quoted have indicated and acknowledged by means of a complete bibliography, and that this thesis was not previously submitted by me or any other person for degree purposes at this or any other university.

JOHANNES JACQUES VOSLOO

OCTOBER 2013

ABSTRACT

In school sport the professionalisation of sport has reached the domain of school sport as a grassroots incubator for sporting talent and for providing positive experiences that might lead to lifelong engagement in physical activity. This has inevitably led to the development of specialised human resources required to manage school sport. In the South African context, despite the existence of a variety of sport management programmes, there is a need for continuously updated and adapted programmes to address the needs and demands of the market and workplace. To cope with the increased complexities surrounding school sport and the management thereof, a distinct body of knowledge and skills needs to be developed (Quatman & Chelladurai, 2008a:651) for the management of school sport. Concern over the lack of common knowledge, as well as a pertinent sport management programme for educator training to prepare educators for the diverse contemporary requirements and needs regarding the management of school sport, has resulted in current and prospective educators not necessarily meeting the needs or expectations of the industry in a diversity of South African schools to manage school sport. As a result there appears to be a gap between current sport management programmes' outcomes at Higher Education Institutions (HEIs)¹ in South Africa and the expected competencies of school sport managers. A need thus exists to have a sport management programme in place for educator training in accordance with the diverse needs of South African schools.

Based on the preceding, the problem of identifying the needs and competencies of school sport managers required for the sport management training of educators according to the diverse context of South African schools is seen as the central point in this study. In coherence with the problem statement and the stated research questions, the purpose of this research was to determine the needs and competencies of school sport managers in order to develop a sport management programme for educator training according to the diverse needs of schools in South Africa. In order to achieve this, based on the problem statement, it was necessary to:

- Determine the context of school sport within the education system;
- Describe and delineate the current role of the school sport manager within the education system;
- To analyse international and national sport management training programmes as part of educator training;
- Determine the needs and competencies required by educators to manage school sport effectively according to the diverse needs of South African schools; and

¹ Cf. List of Acronyms

- Develop a sport management training programme for school sport managers according to the diverse needs of South African schools.

To be able to develop a sport management programme for educator training, it was necessary to develop a related instrument that was content and context specific. Contextual, descriptive and explorative qualitative research was undertaken by means of a semi-structured interview. After the sport management competencies and needs were identified, a questionnaire (quantitative research), based on the qualitative research and the literature study in Chapters Two, Three and Four was compiled as part of the mixed-methods research design. To make a sound judgement of content and context specific sport management programmes for educator training, an occupation analysis of the identified school sport management competencies and a needs analysis of specific needs required to manage school sport was undertaken by means of a structured questionnaire. Once the competencies and needs required to manage school sport were defined, programme development principles were applied to develop a sport management programme for educator training in accordance with the diverse needs of South African schools.

Conclusions drawn from the above-mentioned research include that the school sport management environment is exceptionally varied, politicised and complex. Another conclusion was that competencies required by the school sport manager can be divided into **core, functional and specialist competencies**, indicating a range of competencies necessary to equip and enable the school sport manager to manage school sport successfully. This phenomenon cannot merely be ignored by HEIs² when a content and context-specific market and needs-driven sport management programme for educator training in a diversity of South African schools is developed. It is therefore recommended that a school sport management programme be tailored to the content and context-specific needs of society and school sport managers. In the light of the preceding and a continuously changing education landscape in South Africa, it is necessary that the developed sport management programme and related guidelines for a sport management programme for initial educator training in accordance with the diverse needs of South African schools should continuously be supplemented and adapted in a dynamic school sport environment.

Keywords: educator, schools, sport, education, school sport, sport and sport related activities, school sport manager, competencies, sport management programme, diversity, diverse needs.

ABSTRAK

In skolesport het die professionalisering van sport die domein van skolesport bereik as 'n voetsoolvlak-inkubator vir sporttalent en vir die verskaffing van positiewe ervarings wat kan lei tot lewenslange betrokkenheid by fisieke aktiwiteite. Dit het onvermydelik gelei tot die ontwikkeling van gespesialiseerde menslike hulpbronne wat benodig word vir die bestuur van skolesport. In die Suid-Afrikaanse konteks is daar – ten spyte van 'n verskeidenheid sportbestuursprogramme – steeds 'n behoefte aan programme wat deurlopend bygewerk en aangepas word om die behoeftes en eise van die mark en werkplek die hoof te bied. Vir die hantering van die toenemende kompleksiteite rondom skolesport en die bestuur daarvan moet 'n afsonderlike korpus van kennis en vaardighede ontwikkel word (Quatman & Chelladurai, 2008a:651) vir die bestuur van skolesport. Kommer oor die gebrek aan algemene kennis en 'n pertinente sportbestuursprogram vir opvoederopleiding om opvoeders voor te berei vir die diverse hedendaagse vereistes en behoeftes met betrekking tot die bestuur van skolesport het daartoe gelei dat huidige en voornemende opvoeders in 'n verskeidenheid Suid-Afrikaanse skole nie noodwendig aan die behoeftes of verwagtinge van die bedryf voldoen om skolesport te bestuur nie. Gevolglik is daar oënskynlik 'n gaping tussen huidige sportbestuursprogramme se uitkomstes by Hoëronderwysinstansies (HOI's)³ in Suid-Afrika en die verwagte bevoegdhede van skolesportbestuurders. Daar bestaan dus 'n behoefte om 'n sportbestuursprogram in plek te hê vir opvoederopleiding ooreenkomstig die uiteenlopende behoeftes van Suid-Afrikaanse skole.

Die probleem rondom die identifisering van die behoeftes en bevoegdhede van skolesportbestuurders wat benodig word vir die sportbestuursopleiding van opvoeders ooreenkomstig die diverse konteks van Suid-Afrikaanse skole word as die sentrale punt van hierdie studie beskou. In samehang met die probleemstelling en die gestelde navorsingsvrae was die doel van hierdie navorsing om die behoeftes en bevoegdhede van skolesportbestuurders te bepaal ten einde 'n sportbestuursprogram vir opvoederopleiding te ontwikkel ooreenkomstig die diverse behoeftes van skole in Suid-Afrika. Om dit te bereik, met verwysing na die probleemstelling, was dit nodig:

- om die konteks van skolesport binne die opvoedkundige stelsel te bepaal;
- om die huidige rol van die skolesportbestuurder binne die opvoedkundige stelsel te beskryf en af te baken;
- om internasionale en nasionale sportbestuursopleidingsprogramme te ontleed as deel van opvoederopleiding;

³ Cf. List of Acronyms

- om te bepaal watter behoeftes en bevoegdhede vereis word vir opvoeders om skolesport doeltreffend te bestuur ooreenkomstig die uiteenlopende behoeftes van Suid-Afrikaanse skole; en
- om 'n sportbestuursopleidingsprogram vir skolesportbestuurders te ontwikkel ooreenkomstig die uiteenlopende behoeftes van Suid-Afrikaanse skole.

Alvorens 'n sportbestuursprogram vir opvoederopleiding ontwikkel kon word, was dit nodig om 'n inhoud- en konteksspesifieke verwante instrument te ontwikkel. Kontekstuele, beskrywende en verkennende kwalitatiewe navorsing is onderneem deur middel van 'n semi-gestruktureerde onderhoud. Nadat die sportbestuursbevoegdheid en -behoefte geïdentifiseer is, is 'n vraelys (kwantitatiewe navorsing), gebaseer op die kwalitatiewe navorsing en die literatuurstudie in hoofstukke twee, drie en vier, opgestel as deel van die gemengde metodes navorsingsontwerp. Ten einde 'n goeie oordeel oor inhoud- en konteksspesifieke sportbestuursprogramme vir opvoederopleiding te kan vel, is 'n beroepsontleding (van die geïdentifiseerde skolesportbestuursbevoegdheid) en 'n behoefteontleding (van spesifieke behoeftes wat vereis word om skolesport te bestuur) deur middel van 'n gestruktureerde vraelys onderneem. Nadat die bevoegdheid en behoeftes vir die bestuur van skolesport gedefinieer is, is programontwikkelingsbeginsels toegepas om 'n sportbestuursprogram vir opvoederopleiding te ontwikkel ooreenkomstig die diverse behoeftes van Suid-Afrikaanse skole.

Gevolgtrekkings uit bogenoemde navorsing sluit in dat die skolesportbestuursomgewing besonder uiteenlopend, verpolitiseer en kompleks is. Nog 'n gevolgtrekking was dat bevoegdheid wat vereis word deur skolesportbestuurders opgedeel kan word in **kern-, funksionele en gespesialiseerde bevoegdheid**, wat dui op 'n reeks bevoegdheid wat nodig is om die skolesportbestuurder toe te rus en in staat te stel om skolesport suksesvol te bestuur. Hierdie verskynsel kan nie bloot geïgnoreer word deur HOIs⁴ wanneer 'n inhoud- en konteksspesifieke mark- en behoefte gedrewe sportbestuursprogram vir opvoederopleiding in 'n verskeidenheid Suid-Afrikaanse skole ontwikkel word nie. Dit word dus aanbeveel dat 'n skolesportbestuursprogram pasgemaak word volgens die inhoud- en konteksspesifieke behoeftes van die samelewing en skolesportbestuurders. In die lig van die voorafgaande en 'n voortdurende veranderende opvoedingslandskap in Suid-Afrika is dit nodig dat die ontwikkelde sportbestuursprogram en verwante riglyne vir 'n sportbestuursprogram vir aanvanklike opvoederopleiding ooreenkomstig die uiteenlopende behoeftes van Suid-Afrikaanse skole voortdurend aangevul en aangepas moet word in 'n dinamiese skolesportomgewing.

ACKNOWLEDGEMENTS

When one decide to undertake post-graduate studies after twelve years, I as prospective student realised that it would take hard work, commitment and perseverance, not even to speak of the self-discipline that had to be evinced. What initially started with the completion of an Honours degree transpired into a Masters' and culminated with this research for a doctorate. Having completed my Masters' I thought I was well prepared and knew what to expect. However, like many other researchers I did not take into account a daily programme which took a turn to the unaccustomed, challenges, and frustrations associated with post graduate study, while also being a husband, father to my children, breadwinner and many more. As my thesis progressed and unfolded, I and those people close to me and care for me, experienced and went through the extraordinary claims and demands made by a thesis. What is more, I realised that without the enthusiastic inspiration, assistance and support of many individuals, this work would not have seen the light, in particular at one stage where I was prepared to abandon ship and surrender everything I have put together in the five years of my doctorate. In the light then thereof, I would therefore wish to extend my sincere gratitude and thanks to various people and in the same breath would like to acknowledge the help and support I received from different people while I was working on this thesis. In particular I would like to mention:

- **Our Heavenly Father** and **God Almighty**, whose unconditional, everlasting love and guidance sustained me and to whom I could turn when my morale was low, day or night. The one who never gets despondent and tired. He gave me wisdom, faith, patience and strength to belief in myself, while His goodwill and grace enabled me to accomplish my goals and to complete this thesis. My Creator and Inspiration.
- Dr. Herman van Vuuren, my promoter for his patience, encouragement, leadership and motivation with his professional commitment and rigour, and whose perceptive and valuable comments and suggestions guided me throughout this study, enabling me to complete my study. Thank you for never giving up on me and for always pushing me to do my best. Also a special word of thanks for financial assistance from your allocated budget.
- A special thank you to Dr. Patrick Goldstone, for his encouragement, patience, and critical input at a stage that I was at sixes and sevens and needed assistance with my initial language editing. Thank you for the rigorous and ruthless manner in which you read my work and the support and advice you gave me.
- Ms. Hettie Sieberhagen for the accurate and meaningful language editing of this thesis, amidst huge pressure and a large workload. May God grant you the strength to see many more texts through.

- Ms. Simone Roos, my technical editor, for your excellent work under tremendous pressure and time constraints. Thank you for being so friendly, helpful, positive, optimistic and taking the pressure of me to ensure the thesis was technically ready for submission in time.
- All the staff from the Ferdinand Posthuma library of the North-West University (Potchefstroom campus), a special word of appreciation for friendliness, helpfulness, assistance when help was needed and the promptness in responding to requests, either through an inter library loan or from other campuses.
- A special word of thanks to Ms. Wilma Breytenbach from the Statistical Consultancy Services of the North-West University who sacrificed her time to integrate data from research questionnaires to facilitate its analysis and interpretation. Thank you for your patience, assistance, support, invaluable advice, recommendations and guidance not only with compilation, preparation and development of the questionnaire, but also the statistical analysis. Without your help and assistance, the value of the information collected, would not have been handled meaningfully and interpreted. Thank you that you were prepared together with me, not to succumb to pressure.
- All my family and friends who were neglected, but never failed to encourage me and always showed interested in my progress. Thank you for your understanding and support of my wife and children during the time of my studies.
- School principals and educators who so willingly and enthusiastically responded and assisted in completing research questionnaires, and who were the cornerstones in the uncover of knowledge as revealed in this study, a sincere word of thanks. Without you, this study would not have been possible.
- All School Sport Specialists and HEIs representatives who participated in the semi-structured interview, my appreciation for your invaluable contribution in making your precious time available and sharing your expertise.
- The Department of Education from all nine provinces in South Africa for permission to conduct the research in a selection of South African schools.
- My children, Johanette and Jacques (Jnr.) for their unconditional love, support, interest, care, putting up with me, believing in me, understanding, presence, patience and sacrifices made during the past few years. Thank you for your understanding if I could not be there for you or with you when needed, in particular to support during your extra-mural activities. You are stars. May God bless you.
- A special word of thanks to my son, Jacques (Jnr.) for putting up with me, and always willing to assist a previously technologically disadvantaged dad with the computer, copying and saving files, getting connected to the Internet and many more.

- A most sincere thanks to my wife, Antoinette for putting up with me, and for always understanding. You never once faltered in your constant support and enduring love. Thank you for your unconditional positive regard, love, words of encouragement, taking over some of my duties and responsibilities in the household, making life as easy as possible for me to focus on the task at hand and motivation when my morale was low, in particular these last four months. Without you and the support from the children, this thesis would not have crystalised. You gave me Wings. God bless you all.

**ABOVE ALL TO HIM THROUGH WHOM I CAN DO ALL THINGS AND STRENGTHEN ME AND
ON WHOSE SUPPORT I COULD ALWAYS RELY UPON.**

CHAPTER 7: A SCHOOL SPORT MANAGEMENT PROGRAMME FOR EDUCATOR TRAINING		505
7.1	INTRODUCTION	505
7.2	THE EDUCATION SYSTEM IN POST APARTHEID SOUTH AFRICA	509
7.2.1	Department of Higher Education and Training (DHET)	512
7.2.2	Council on Higher Education (CHE)	513
7.2.2.1	<i>Higher Education Quality Committee (HEQC)</i>	514
7.2.3	South African Qualifications Authority (SAQA)	515
7.2.4	Nature and implications of SAQA process and the NQF	524
7.2.4.1	<i>National Qualifications Framework (NQF) and Higher Education Qualifications Framework (HEQF)</i>	527
7.2.5	Tourism, Hospitality and Sport Education and Training Authority (THETA)	533
7.3	PROGRAMME DESIGN AND DEVELOPMENT	534
7.3.1	Programme design	535
7.3.2	Programme development	537
7.4	FRAMEWORK FOR THE DEVELOPMENT OF THE SPORT MANAGEMENT PROGRAMME	545
7.4.1	Stages in developing a framework for a sport management programme for educator training.	546
7.5	DEVELOPMENT OF A CONTENT AND CONTEXT-SPECIFIC PROGRAMME FOR EDUCATOR TRAINING	547
7.5.1	Identifying the purpose, rationale and context	549
7.5.2	Outcomes	554
7.5.2.1	<i>Critical cross field outcomes</i>	555
7.5.2.2	<i>Specific Outcomes</i>	556
7.5.3	Learning content	561
7.5.4	Assessment	565

7.5.4.1	<i>Integrated types of assessment</i>	570
7.5.5	Programme assessment.....	579
7.6	GUIDELINES FOR A PROPOSED FRAMEWORK FOR A SPORT MANAGEMENT PROGRAMME FOR EDUCATOR TRAINING.....	580
7.7	SYNOPSIS.....	600
CHAPTER 8: OVERVIEW, FINDINGS, CONCLUSIONS, RECOMMENDATIONS AND SUMMARY.....		601
8.1	INTRODUCTION.....	601
8.2	OVERVIEW.....	601
8.3	SIGNIFICANCE OF THE STUDY.....	604
8.4	RESEARCH FINDINGS.....	605
8.4.1	Findings on school sport in the South African education system, research aim 1.....	605
8.4.2	Findings in relation to research aim 2, sport management training for educators.....	612
8.4.3	Findings in relation to research aim 3, sport management training programmes in perspective.....	619
8.4.4	Findings in relation to research aim 4, needs and competencies of school sport managers.....	622
8.4.5	Findings in relation to research aim 5, a sport management programme for educator training in accordance with the diverse needs of South African schools.....	624
8.5	CONCLUSIONS.....	627
8.5.1	Conclusions on school sport in the South African education system.....	627
8.5.2	Conclusions on sport management training for educators.....	628
8.5.3	Conclusions on sport management training programmes in perspective.....	629
8.5.4	Conclusions on the needs and competencies of school sport managers.....	631
8.5.5	Conclusions on a sport management programme for educator training in accordance with the diverse needs of South African schools.....	632
8.6	RECOMMENDATIONS.....	634
8.6.1	Recommendations in relation to the research findings.....	635
8.6.2	Recommendations for future research.....	638
8.7	LIMITATIONS OF THIS STUDY.....	639
8.8	IMPLICATIONS FOR SPORT MANAGEMENT AS A SCIENCE.....	639
8.9	CLOSING REMARKS.....	640
BIBLIOGRAPHY.....		642

TABLE OF GRAPHS

Graph 1: Gender.....	434
Graph 2: Position at school	435
Graph 3: Highest academic qualification.....	437
Graph 4: Specific qualifications obtained	438

Graph 5: Current involvement in sport.....	439
Graph 6: Capacity of involvement	440
Graph 7: Coaching qualifications and experience	442
Graph 8: Involvement (experience elsewhere).....	443
Graph 9: Number of learners.....	445
Graph 10: Composition of schools	445
Graph 11: Classification of schools	446
Graph 12: Background (socio-economic status of the area around the school).....	447
Graph 13: Socio-economic status	448
Graph 14: Number of educators	449
Graph 15: Number of learners who participate in sport	449
Graph 16: Level of participation.....	450

ANNEXURES

ANNEXURE A	Confidentiality Agreement Respondents-Questionnaire (Included on CD)
ANNEXURE A1	Confidentiality Agreement Participants-Interviews (Included on CD)
ANNEXURE B	Interview Schedule (Included on CD)
ANNEXURE B2	Background Information Questionnaire to Participants in Semi-Structured Interview (Included on CD)
ANNEXURE C1	Permission Letter to Provincial DOE (Included on CD)
ANNEXURE C2	Permission Letter and letter of Assistance to Education Specialist (Included on CD)
ANNEXURE D	Questionnaire (Included on CD)
ANNEXURE E	Letter to Principals (Included on CD)
ANNEXURE E1	Letter to Sport Organiser (Included on CD)
ANNEXURE E2	Follow Up Letter to Principals (Included on CD)
ANNEXURE F	Letter to HEIs (Included on CD)
ANNEXURE G	Consent to Record Interviews (Included on CD)
ANNEXURE H	Ethical Considerations Semi-Structured Interviews (Included on CD)
ANNEXURE I	Participation Letter to Principals (Included on CD)
ANNEXURE J	Participation Letter to SGB (Included on CD)
ANNEXURE K	Observation Checklist (Included on CD)
ANNEXURE L	Participation Letter to HEIs (Included on CD)
ANNEXURE M	ATLAS.ti Analysis (Included on CD)
ANNEXURE N	Maps of Provinces and Districts
ANNEXURE O	Verified Transcribed Interviews (Included on CD)

ANNEXURE P	Permission to Conduct Research/Approval to Conduct Research (DOEs) (Included on CD)
ANNEXURE Q	Approval to Conduct Research [Ethics Certificate (Included on CD)]
ANNEXURE R	Declaration Statistical Consultancy Services (Included on CD)
ANNEXURE S	Declaration Linguist (Included on CD)
ANNEXURE T	Declaration Technical Editor (Included on CD)
ANNEXURE U	Declaration technical editing: (Included on CD)

ACRONYMS

AAHPERD	American Alliance for Health, Physical Education, Recreation and Dance
ACE	Advanced Certificate in Education
ANC	African National Congress
ACHPER	Australian Council for Health, Physical Education and Recreation
B.Ed.	Bachelor of Education
CA	Centurion Akademie
CAPS	Curriculum Assessment Policy Statements
CAT	Computer Application Technology

GIZ	Deutsche Gesellschaft Für Internationale Zusammenarbeit
HE	Higher Education
HEB	Higher Education Board
HED	Higher Education Diploma
HEIs	Higher Education Institutions
HEQC	Higher Education Quality Committee
HEQF	Higher Education Qualifications Framework
HERDSA	Higher Education Research and Development Society Of Australasia
HET	Higher Education and Training Band
HET	Higher Education and Training
HMS	Human Movement Science
HR	Human Resources
IPET	Initial Professional Education of Teachers
IPTs	Inter Provincial Tournaments
ISSF	International School Sport Federation
KFC	Kentucky Fried Chicken

KPAs	Key Performance Areas
KSVAS	Knowledge Skills Values Attitudes
LO	Life Orientation
LTPDM	Long Term Participant Development Model
MBA	Magister in Business Administration
MSA	Kaiser's Measure of Sample Adequacy
MSTE	Mathematics, Science and Technology Education
NASPE	National Association for Sport and Physical Education
NASSM	North American Society for Sport Management
NCS	National Curriculum Statement
ND	National Diploma
NGO	Non-Government Organisations
NMMU	Nelson Mandela Metropolitan University
NP	National Party
NPDE	National Professional Diploma in Education
NQF	National Qualifications Framework
NSBs	National Standards Body
NSC	National Sport Commission
NSF	National Sport Federations
NSRP	National Sport and Recreation Plan
NWU	North-West University
OBE	Outcomes Based Education
PE	Physical Education
PGCE	Post Graduate Certificate of Education
PGHED	Post Graduate Higher Education Diploma
POE	Portfolio of Evidence
QCTO	Quality Council for Trades and Occupations

RAU	Rand Afrikaans University
RPL	Recognition of Prior Learning
SACE	South African Council for Educators
SAIRR	South African Institute for Racial Relations
SAQA	South African Qualifications Framework
SAS4L	South African Sport for Life
SASC	South African Sport Commission
SASC	South African Sports Commission
SASCOC	South African Sports Confederation and Olympic Committee
SCS	Statistical Consultancy Services of the North West University
SETAS	Sector Education Training Authorities
SGB	School Governing Body
SIC	Standard Industrial Classification
